SYSTEM

V-sweeper system for floor dusting with dust mops for large areas
Ideal for large areas such as gyms, airports, buildings

Advantages

- **Effective:** the natural electrostatic action that is generated by rubbing acrylic fibres on the surfaces makes them ideal for dusting
- **Long-lasting:** it is long lasting, representing an excellent investment with low environmental impact.

Material

Yarn: acrylic - Support: cotton

Washing conditions

Guidelines for proper fibre maintenance

Follow the washing instructions (temperatures and dosage) on the laundry detergent packaging
 Perform a pre-wash in cold water without laundry detergent to remove any residual product used during cleaning operations

Recommended use of professional textile laundry detergent

Do not use fabric softener

Do not use laundry detergents with Ph > 11

The use of laundry nets is recommended to speed up and make laundry operations more hygienic

Specific mop instructions

Washing temperature max 40° C

Bleaching possible, do not use chlorine

Do not tumble dry or in a dryer
